Title 107 STATE ENERGY OFFICE

Chapter 4 - LOCAL CODE ENFORCEMENT

001 No county, city or village shall enforce a building energy efficiency code which is not equivalent to the Standard as set forth in section 81-1618, NRRS.

002 Any county, city or village may adopt and enforce a building energy efficiency code which is equivalent to the Standard as set forth in section 81-1618, NRRS, and may charge a fee sufficient to pay for the costs incurred in enforcing such a code. The clerk of a county, city or village which adopts a local code pursuant to this law shall notify the Office of the adoption of such code. The letter of notification shall include:

002.01 the technical basis of the local code,

002.02 the ordinance or resolution number and date of passage, and

002.03 the code jurisdiction limits.

003 Any county, city or village which adopts and enforces, or is considering adopting and enforcing a local code, may request technical assistance from the Office. This assistance shall include the training of building officials in building technology and enforcement procedures related to lighting and thermal efficiency standards, and the development of training programs suitable for presentation by local government officials, educational institutions, and other persons.

004 The Office shall not inspect construction nor intervene in any other way in the process of building design and/or construction within the jurisdiction of any county, city, or village which has adopted and is enforcing a local code, except as set forth in section 005 of this chapter.

005 The Office shall investigate complaints in which it is alleged that the county, city or village is not effectively enforcing its local code, or that the code is not equivalent to the Standard, and shall order the county, city, or village to take corrective action if such complaints are substantiated by the investigation.
